ANNUAL MEETING

12th & 13th March

BSCOS-NIHR RESEARCH DAY

11th March

bscosmeeting.com

Welcome from the President

Dear Friends and Colleagues,

It's a real pleasure to welcome you to the BSCOS 2026 Annual Meeting in London on 11th–13th March. Each year, this gathering brings together our community of surgeons, researchers, trainees, and allied health professionals for two days of lively discussion, debate (and socialising!).

With over 250 delegates expected, the meeting is a wonderful chance to learn, exchange ideas, and connect with colleagues old and new.

What can you look forward to?

- A rich scientific programme filled with the latest research, innovations, and updates in paediatric orthopaedics and trauma.
- Opportunities to collaborate - whether in lively discussions, thought-provoking sessions, or casual chats over coffee.
- A vibrant exhibition and networking space, where you can meet industry partners and discover the newest technologies and approaches.
- The Annual Dinner, always a highlight, offering a relaxed evening to enjoy good company and strengthen friendships within the specialty.

We are proud that BSCOS continues to be not just an educational forum, but also a supportive and inspiring community. Your presence and participation make this meeting what it is - an event where we can celebrate achievements, challenge ideas, and look to the future of our specialty together.

On behalf of the Society and Council, thank you for being here. I hope you find these two days stimulating, enjoyable, and memorable.

With best wishes,

Mr Guy Atherton

President, British Society for Children's Orthopaedic Surgery (BSCOS)
